

INVITATION TO JOIN THE EUROPEAN RADON ASSOCIATION (ERA)

There is a large and growing community of scientists, technologists and decision makers in Europe working in various areas of the radon field. Their areas of interest range from epidemiology, radiation dosimetry, instrument development and measurement protocols, remediation and prevention construction technologies to control policy and regulation. In recognition of this reality the European Radon Association (ERA) has been formed aimed at serving the interests of the European radon community. The following gives a summary of some of the key objectives of ERA:

1. To assist in reducing the health burden from radon in Europe
2. To promote public awareness about radon
3. To encourage the development of quality standards in indoor radon metrology, remediation, prevention and control technologies
4. To provide a communication network for all radon professionals and other relevant groups
5. To serve as a consultative body to national and international agencies in all matters relating to the reduction of the risk from exposure to radon
6. To assist in the organisation of radon conferences and workshops and to contribute to education and training in all aspects of the radon field.

Please note that the Second ERA Radon Workshop will be held in Prague on 15th September 2014 (see: www.radoneurope.org)

BENEFITS OF EUROPEAN RADON ASSOCIATION (ERA) MEMBERSHIP

- ERA is a key focus point for radon matters in Europe. Within ERA scientists, researchers and companies in the radon field can benefit from access to prospective partners for collaboration; the opportunity for networking is unrivalled.
- ERA provides you with educational, technical and professional benefits that result from the exchange of radon information within the ERA membership.
- The ERA website is the best contact point to get information about forthcoming radon events, new developments and contains a membership list. Access to the Members Only section of the ERA website will keep members up to date with radon matters and provide you or your business with a free listing in the Members Directory section of the ERA website.
- Membership enables attendance at General Assembly meetings with voting rights and entitles to reduced registration fees for events (such as workshops, conferences etc) organised by ERA.

You are cordially invited to express your interest in joining ERA. If interested please complete the membership application form below and e-mail it to the ERA Secretary (secretary@radoneurope.org).

Sincerely ,

President of ERA

James Mc Laughlin, School of Physics, University College Dublin, Ireland (james.mclaughlin@ucd.ie)

MEMBERSHIP APPLICATION FORM

Name:

Institution/Company and Address:

Country:

Phone number(s):

Email address:

Position (optional):

Please indicate your Radon Topic Area(s):

Applicable Membership Category:

- ☐ individual membership (€ 50,-)
- ☐ retired individual membership (€ 25,-)
- ☐ student membership (€ 10,-)
- company membership: ☐ < 10 employees (€ 500,-)
☐ 10 to 50 employees (€ 1,000,-)
☐ > 50 employees (€ 1,500,-)

Instructions on how to pay the membership fee will be communicated to you by the Secretary
(secretary@radoneurope.org)
